

On-Road Products		LONGMILE®	HORIZON®	VISTA™	LONGVIEW®
Filter Type		Passive diesel particulate filter	Active diesel particulate filter with electric heater regeneration	Active diesel particulate filter with diesel burner regeneration	Passive diesel particulate filter with NOx reduction
CARB Verification ¹	Engine PM Limit	0.10 g/bhp-hr PM and lower	None	0.10 g/bhp-hr PM and lower	0.10 g/bhp-hr PM and lower
	Engine Model Years	1993-2006	1960-2006	1993-2006	1993-2006
	Engine Displacement	5.3 to 16 liters	Up to 15 liters	Up to 13 liters	Up to 15 liters
CARB Exclusions ¹		Consult Cleaire Dealer	Consult Cleaire Dealer	Consult Cleaire Dealer	Consult Cleaire Dealer
Typical Applications		school bus, transit bus, refuse truck, motor coach, goods movement truck, linehaul and other on-road vehicles	Light Duty Cycle: school bus, municipal & utility truck, refuse truck and other centrally based on-road vehicles	Light Duty Cycle: municipal & utility truck, refuse truck and other on-road vehicles	transit bus, refuse truck, motor coach, intrastate linehaul, intermodal truck and other on-road vehicles
PM Reduction		Greater than 85% (Level 3+)	Greater than 85% (Level 3+)	Greater than 85% (Level 3+)	Greater than 85% (Level 3+)
NOx Reduction		None	None	None	At least 25%
Fuel Compatibility		ULSD / Up to B20	ULSD / Up to B20	ULSD	ULSD / Up to B20
Exhaust Temperature Requirement		260° C for at least 7% time	None	None	260° C for at least 25% time
Regeneration Type		Passive	Active (electric heater)	Active (diesel burner)	Passive
Regeneration Time		n/a	4 hours	2 hours	n/a
Engine Run Time Between Regenerations		n/a	Consult Cleaire dealer ²	Consult Cleaire dealer ²	n/a
Eligible for Local, State and Federal Funding Programs		Yes	Yes	Yes	Yes
¹ Consult your dealer for specific application criteria and requirements. ² Based on engine condition, maintenance practices and duty cycle. NOTE: Product specifications are for reference only and may vary or change without notice.
